

intactTM

Advantages at a glance

Always on the cutting edge of technology. intact7 is a complete redesign of proven software programmed in Microsoft Visual Basic .NET for the past 20 years.

All the best elements are still available, a large number of new features which simplify the work has been newly added. Thus screen representations can be adapted by every user.

Thanks to the specialists in the field of network technology, the possibility is given to use intact in the cloud. The advantages are obvious: daily data backup, access from any computer, no investment and no variable costs. More information on <http://www.mre.ch>

Version intact7 consists of only two programs, intact Financial and intact Sales. Thus the loading of all other modules one by one is unnecessary.
